

California Regional Water Quality Control Board
North Coast Region

ORDER NO. R1-2000-80
RECISION OF
CLEANUP AND ABATEMENT ORDER NO. 91-117
AND
CLEANUP AND ABATEMENT ORDER NO. 92-162
FOR

SABEK, INCORPORATED

Sonoma County

The California Regional Water Quality Control Board, North Coast Region (hereinafter Regional Water Board), finds that:

1. On July 15, 1991 the Regional Water Board issued Cleanup and Abatement Order No. 91-117 requiring Sabek Incorporated to cleanup and abate the effects of discharges from the unauthorized release of petroleum products at the location in the northbound center median of U.S. Highway 101, post mile 13.47 in Rohnert Park, Sonoma County. Order No. 91-117 required the development and implementation of a workplan for a hydrogeologic investigation and a soil and groundwater remediation plan.
2. A workplan for a hydrogeologic investigation was implemented on October 29, 1991 with additional work performed on September 29, 1992. Sabek Incorporated experienced difficulty obtaining an encroachment permit from the California Department of Transportation to perform additional work and was in noncompliance with the time schedule established in Order No. 91-117.
3. Cleanup and Abatement Order No. 92-162 was issued to Sabek Incorporated, revising Order No. 91-117 to establish a new time schedule for submitting a workplan to further define the extent of contamination and groundwater remediation plan.
4. A soil and groundwater bioremediation system enhanced by air sparging was installed and operated from December 6, 1995 through July 3, 1998. Prior to ceasing operation, all seven monitoring wells were sampled for gasoline, gasoline constituents, and gasoline oxygenates and found to be non-detect.
5. Because the sources of soil and groundwater contamination have been removed, and because conditions at the site no longer pose a threat to water quality, compliance with Cleanup and Abatement Order No. 92-162 has been achieved.

6. This action to rescind a cleanup and abatement order is not subject to the California Environmental Quality Act, pursuant to Title 14, California Code of Regulations, Section 15061(b)(3).

THEREFORE, IT IS HEREBY ORDERED that Cleanup and Abatement Order No. 91-117 and Revised Cleanup and Abatement Order No. 92-162 be rescinded.
